Education

MS, Geography and Geospatial Science, Oregon State University, 2026. GPA 3.93

- Capstone: *Burden of treatment in a ban state: The experience of accessing specialist OB/GYN care in Idaho.* Mixed-methods study of access to specialist OB/GYN care in Idaho. Deposited in ScholarsArchive@OSU. https://ir.library.oregonstate.edu/concern/graduate_projects/1z40m3046
- Committee: John Lowry (major professor), Laura Peters, Jim Thatcher
- Relevant coursework: Survey Methods (ST 539); Qualitative Methods for Health Equity (HHS 534); Computing for Population Health Data (HHS 533); Qualitative Research Methods (PPOL 523); GIScience II: Analysis and Applications (GEOG 561); Planning Principles and Practice for Community Geography (GEOG 551); Advanced Cartography (GEOG 571); Interactive Cartography (GEOG 572); History and Philosophy of Geography (GEOG 511)
- Research ethics: CITI Human Subjects Research, Social/Behavioral Research Investigators

BS, Geography and Geospatial Science, Oregon State University, 2024, *summa cum laude*
Certificate, Geographic Information Science, Oregon State University, 2024, *summa cum laude*
Certificate, GIS, College of Western Idaho, 2023, *summa cum laude*

Research Experience

Member, health services research collaborative led by J. Edward McEachern, Boise, Idaho, 2025–present

- Spatial analysis of OB/GYN workforce loss and access after Idaho's abortion ban
- Multidisciplinary group of physicians, researchers, attorneys, and hospital administrators

Graduate researcher, MS capstone, Oregon State University, 2025–2026

- Designed, implemented, and analyzed a patient survey built on burden of treatment theory domains
- Linked responses by ZIP code to CMS rural-urban county designations
- Developed a mixed-methods approach that situates patient-reported burden within the classifications policy uses to judge access

Wildfire risk mitigation study, Bonner County, Idaho, 2026

- Parcel-level wildfire risk assessment and mitigation planning with cost-benefit analysis, using raster, network, and demographic analysis

Sandpoint Forward community resilience plan, Model Forest Policy Program, Sandpoint, Idaho

- Community-engaged baseline mapping for a local resilience plan, 2025

Publications

Capstone

- Waldrup, J. (2026). *Burden of treatment in a ban state: The experience of accessing specialist OB/GYN care in Idaho.* MS capstone, Oregon State University. ScholarsArchive@OSU. https://ir.library.oregonstate.edu/concern/graduate_projects/1z40m3046

In preparation

- Waldrup, J., McEachern, J. E., & Traylor, T. A. Patient Burden and the Geography of Idaho Care. For submission to *The Journal of Rural Health.*
- Waldrup, J. [Working title: a method for situating respondent reports within classifications of place]. For submission to *Journal of Mixed Methods Research.*

Presentations

- Waldrup, J., Thatcher, J., McEachern, J. E., & Traylor, T. A. (2027). Spatiotemporal strata of rural healthcare in and around Idaho. Paper session, American Association of Geographers Annual Meeting, New York, February 2027. Abstract submitted.
- Waldrup, J. Intersectionality of geography and burden of care access. Invited talk, Collaboratory, St. Luke's, Boise, Idaho, September 2026.
- Waldrup, J. Burden of treatment in a ban state. MS capstone presentation, Oregon State University, May 2026.
- Waldrup, J. Drive-time access to OB/GYN care in Idaho. Collaboratory, Boise, Idaho, 2025.

Citations and Media

- Capstone cited in "When Idaho Banned Abortion, OB-GYNs Fled. The Doctors Who Stayed Are Cracking." *The New York Times Magazine*, October 20, 2026.
- Capstone cited in McEachern, J. E. (2026). Health policy, system strain and patient burden [Editorial]. *Journal of Women's Health, 35*(12), 1105–1106. https://doi.org/10.1177/15409996261481612

Teaching

Graduate Teaching Assistant, Oregon State University, Winter 2026

- GEOG 360, GIScience I: Geographic Information Systems and Theory
- GEOG 561, GIScience II: Analysis and Applications

Professional Experience

Owner, Applied Geography, Sagle, Idaho, 2025–present

Cartography and spatial analysis for nonprofit and research clients. Selected work:

- Reference map for Peter Walker, *The Political Challenge of Climate Change–Driven Wildfire in Oregon and the West* (forthcoming)
- River-flow animation and maps for a documentary film, Idaho Conservation League, 2026
- Static and interactive maps of leaded aviation gasoline exposure, for Alyssa Shiel-Higgins, Oregon State University; published in Communications Sustainability, 2026
- Maps for the *Worth of a Woman* exhibit, The Pro Voice Project, 2025

Owner, Digital Forestry, 2006–2023. Contract forest data collection and GPS mapping for the USFS, BLM, state agencies, and private industrial forest owners.

Ski Patrol, Schweitzer, 1989–2006. Slope hazard mitigation; instructor for outdoor emergency care and lift evacuation.

Financial Advisor, UBS, 2000–2003. Gathered, allocated, and managed client assets in a consultative planning process. Series 7, 66, and Life and Disability Insurance licenses.

Skills

- GIS: ArcGIS Pro, ArcGIS Online, Experience Builder, ArcPy, Google Earth Engine
- Programming and web mapping: Python, R, JavaScript, HTML/CSS, Mapbox, Leaflet, Turf.js
- Methods: Survey design and analysis, qualitative methods, mixed-methods integration, network and drive-time analysis, raster analysis, demographic enrichment
- Field: GPS data collection, plat reading, corner finding, traverse planning

Service

- Board member, Bonner County Human Rights Task Force
- Associate Editor, Cartographic Affairs, 2026–present

Honors and Awards

- Outstanding Senior in Geography, Oregon State University, 2024
- *Summa cum laude*: BS, GIScience Certificate (OSU), GIS Certificate (College of Western Idaho)
- Employee of the Year, Schweitzer, 2004
- President's Club, UBS, 2002
